Death Knell of Austria Has Been Sounded

(By Andre Beaumont.)

Milan, via London, Aug. 16.—A meeting between the German imperial chancellor Dr. von Bethmann-Hollweg, German foreign minister, at Vienna, renewed rumors of the impending nomination of Count Androssi as Austrian foreign minister, evidence that events of almost transcendent importance are preparing in the Austrian capital.

Count Androssi represents the party of absolute surrender by Austria to Germany. He idolizes the German Emperor and is idolized by him. It is likely that pressure has been brought by Berlin to force the acceptance of Androssi on the Austrian government as a sort of compliment to the appointment of Field-Marshal Von H. Denburg to the command of the Austro-German armies in the east.

That if Androssi is appointed successor to Baron Burian, it will mean a closer union between Vienna and Berlin. Androssi has been back and forth between Vienna and Berlin frequently, figuratively speaking to kneel at the feet of the Kaiser. As if to counteract the policy of Androssi, the Hungarian party of independence, under Károlyi has received considerable extension. Numerous admissions pour in from provincial centres. Vienna papers, on the other hand, denigrate Károlyi's movement and hail the arrival of the German chancellor with delight. These are decisive hours for both the German and Austro-Hungarian empires, says the Nene Freie presse. Collapse of Austria means the imminent downfall of Germany and therefore Austria-Hungary must be saved at all costs, even at that of handing over its political as well as its military direction to Berlin. Anulst it all one can hear the death knell of the Austro-Hungarian empire sounding.

STRAYED — A Grey Mare. Last seen beyond Bellevue. Branded as 41. Reward of \$10

JAMES E. HAMILTON,
Blairmore, Alta.

Once More

This week we have received a contract for a quarter-price display ad space for the F. M. Thompson Co., Toronto and Winnipeg. Similar contracts have reached this office during the past few years and have been turned down for the benefit of local merchants. In return, our country has scarcely been recognized by the merchants. We have appealed to advertisers to increase their contracts and to non-advertisers to show their appreciation of our efforts on their behalf by supporting the local paper by buying a small space there. In connection with the contract just received, we will hold it over for two weeks, in the hope that local merchants may see the wisdom of coming forward to our support. If by that time no more support is in sight than what we are receiving up to the present time, we will accept the foreign advertising and remove our campaign.

Alberta has shipped almost 2,000,000 pounds of wool during the past twelve months.

Blairmore Branch Canadian Pat. Fund

The amount given opposite the name of F. M. Thompson in our issue last week should have read \$5.00 instead of \$1.00.

Since last week, the following have agreed to contribute \$1.00 a month to the fund: H. Brunas, Miss V. Ayling, A. S. Tod, C. Church, W. A. Beale.

Members of the local committee are requested to be present at the regular meeting on Monday night next at 8.30.

Red Cross Notes

We are pleased to report two new members added to the roll this week. We have other ten members who are doing their best to help in this way.

This week showed a marked improvement in the attendance at the weekly sewing meeting. If there is as great an increase next week, the number of articles from this branch may be brought up to the mark before the close of the business year. Everyone who can possibly give some time to sewing, should be at home or at the regular Tuesday afternoon meeting, is asked to make a special effort this week. Work can be obtained from Mrs. J. M. Carter.

Thanks is due Mrs. R. Smallwood for the loan of a sewing machine for the weekly sewing meetings.

Mrs. J. E. Smith gave notice that she would be out of town for a month or two and asked that someone be appointed to take her place as secretary in the interim. Mrs. Tod was appointed to act as secretary-treasurer pro tem.

Must Sue For Peace

(London Daily News.)

Germany is the author of this war she occupies the territory of the nations that she has outraged; she can claim and does claim to have the victorious position, and the only terms at which she has limited are terms which cannot be considered. The time will come sooner than is expected, when her aggressions will be shown definite and will be finally of the basis of a entire peace-land not of a belligerent offering terms of peace. Till that time comes, bringing with it the allies the power to dictate such terms as will assure Europe against the recurrence of this enormous calamity, we must not entangle ourselves in futile negotiations. We cannot discuss terms with Germany while she occupies the allies' territory, and claims to be the victor in the war.

Cowley Happenings

Harvey Bouthillier is home now and renewing old acquaintances.

Miss Delburgh, of Medicine Hat, is visiting friends here this week.

The Tennessee school reopened on Monday, with Miss Lawson as teacher.

Haying is going on in full swing again, everything having dried up since the recent rains.

Mrs. J. Marlow, of Macleod, has returned home from a visit with her parents, Mr. and Mrs. Robert Walsh.

The Doukhobors have started the erection of an elevator opposite the C.P.T. station. The new elevator will have a capacity of seventy thousand bushels.

Mrs. D. R. McIvor is enjoying a visit from her mother, sister and niece from Ontario, and expects to have their company for a few weeks.

On Friday night Mrs. R. Rhodes gave a dance in aid of the Red Cross. A good crowd turned out and swelled the proceeds to the neat sum of \$15.

The Cowley school opened on Monday. Miss Kippen returned in due time to take charge of her pupils, but instead of Mr. Smith returning he sent in his resignation. His pupils were greatly disappointed and will go without a teacher for a while.

Miss Swinney entertained a number of the immediate local young folk at her home on Saturday night last. The Merrimont was kept up until 12 o'clock, when a delicious lunch was served, after which the party broke up and the youngsters, wended their ways homeward.

Removing Sale

We are about to move into New Premises

WHILE goods are scarce and will be hard to get for some time to come, we have decided to further reduce our stock and facilitate moving operations by offering a special reduction on all goods in stock for a few days

Starting Saturday, Aug. 19

Space or time will not permit us to enumerate articles or prices here, but it will well pay you to visit our store and find what you can save by making your purchases during this sale. Give us an early call.

J. HANDLEY, Phone 52

We Don't Ask You!

To take our word for it, that Bellevue Bread is a Wholesome Home-Made Product. We make it, and our opinion MIGHT naturally be biased.

But we refer you to our many customers, who are and have been eating it for months. THEY don't make it, and have no interest in us or our business, aside from the fact that they know they are getting the best bread they have ever eaten. In spite of the fact that all ingredients entering into the manufacture of Bellevue Bread are higher than ever before, our customers continue to get Bellevue quality at the same price. Although it costs more to make Bellevue Bread, we feel that the satisfaction of turning out a finished product is worth some sacrifice, in view of the appreciation of our many local friends. If you are not using Bellevue Bread, you are missing a treat. Specify "BELLEVUE" the next time you order bread. Sold in Blairmore by F. M. Thompson Co.

In Frank by Alford's Grocery, Co-operative and A. I. Blais. In Hillcrest by Burnett & Cruikshank.

—Yours for Quality—

"Officer 666"

A Melodramatic Comedy, by Augustin McHugh

This Is Not a Moving Picture

Prices: \$1.00; 75c. Children 25c.

Sends now on sale at W. A. Beale's

Same Co. that produced "The White Feather"

The Canadian forces have been transferred from the Ypres salient, which they have held for over a year, to the Somme front; where the big offensive of the British and French is in progress.

Billy Sunday states that some of the boys artists of British Columbia would require an aeroplane to get to hell. Gee, that's hard. We thought most of them were headed that way, anyway.

Bellevue Happenings

James Haddad spent Monday in Burnie on business.

Harry Campbell purchased a fine horse this week.

Pts. Charles Burrows left for Sarcee on Wednesday.

Master Leslie Cousins is visiting some friends at Lundbreck.

Arthur Downs is building a garage for his new Ford car.

Mr. and Mrs. Anthony Wardman were up from Burnie on Saturday.

Mrs. Dugdale, who has been confined to her home, is able to be about again.

Mrs. Harry Jepson and child were down from Frank on Saturday visiting friends.

Walter North has moved his family to Blairmore, where he intends staying for a while.

Mrs. G. W. Goodwin, Mrs. R. Dicken and Mrs. J. Jolly were Frank visitors here this week.

The new addition to the Bellevue restaurant and rooming house is completed and ready for business.

THREE HOUSES FOR RENT, near the Rosedale Dairy, Bellevue. Apply to Fred Chappell, Burnett's store.

Mrs. W. P. Williams, who had been confined to her home for some little time, is able to be about again.

Many people are wondering why the governments new commissioner of raw oysters was not given the power to take affidavits.

Mr. and Mrs. W. Chappell, Mr. and Mrs. R. C. Green and John McPhail were down from Blairmore on Monday night.

Quite a bunch of the soldier boys were in Bellevue for a short time this week, and left for scenes of harvesting on the prairie.

William Priem, who several weeks ago sustained a broken leg in a runaway accident here, is now able to move around considerably,

though still compelled to hang to his crutches.

Rev. J. R. Francis occupied the pulpit of the Bellevue Methodist church on Sunday last, Rev. Mr. Law officiating for Mr. Francis at Lethbridge.

James Burrows met with a slight accident while following his occupation as pilot-man in No. 2 mine on Tuesday. He was taken to the hospital, where he is doing as well as can be expected.

The bar fixtures of the Lill-hotel have been installed in the pool room opposite the post office, where the dying (?) lounge artists are kept alive by application of frequent doses of 2 per cent dope.

Pies Thines Lindsay and Joseph DeGroot, of Bellevue and Blairmore respectively, have secured leave of absence from Sarcee for harvesting, and have engaged to work on the ranch of A. Wardman near Burnie.

The Bellevue Methodist Sunday school picnic had to be postponed on Wednesday on account of the weather, and on Thursday the children were given a time in the church instead, where they enjoyed themselves thoroughly. They are promised another day in the near future, when they will have a chance to compete for prizes in outdoor events.

Dr. H. G. Mackie, for years chief medical officer of the Alberta division of the C.P.R. and an old resident of the province, died at Calgary on Tuesday morning. Dr. Mackie was 54 years of age. He is survived by his widow and one son, Dr. L. Mackie, who is at present serving as an officer of the army medical corps.

Rev. Father Cretzschmar, who left for Calgary on Sunday evening, desires to thank the many friends who contributed towards the value of his present received by him prior to his departure from Blairmore.

Fourteen labor leaders were convicted in Chicago on charges of conspiracy.

That Is On This Planet

More than half the whole human army is being held on the west front by the Allied offensive. And the longer they resist there the less likelihood of them ever going anywhere else.—Calgary Herald.

Alberta has shipped almost 2,000,000 pounds of wool during the past twelve months.

Between June 4th and August 12th General Brusiloff's forces captured more than 258,000 men. The report gives the following figures: Officers captured 7,755; men 350,845; cannon 405; machine guns 1,315; mine and bomb throwers 338; powder carts 292.

Our business people are all staunch contributors to the Canadian Patriotic Fund. Then why is it that dependents of soldiers, who are drawing from that fund, send their money out to the mail order house for goods that can be bought at home?

A train of forty-one cars was required to convey 3,200,000 pounds of flour, the gift of the Saskatchewan Grain Growers' Association to the Atlantic coast. The above represents the crop from one acre of each farmer within a certain area of our sister province.

A Lesson From The Aeroplane

The force that makes the aeroplane — a heavier than air machine — overcome the law of gravity is the propulsive power of the motor. Stop the engine and gravity exhibits its law.

In much the same way the propulsive power of advertising makes a business triumph over dragging-down tendencies, personal inertia, quiet times and general business depression.

Advertising is the propeller. The merchant is the pilot. His business is the machine. His community is his sustaining medium. If you want business to soar, start the motor of advertising.

To The People of This District

The pilots of every dominant and progressive local business are using the propelling force of advertising in some form or other.

The most powerful form of Advertising is Newspaper Publicity.

Come One-Come All

Rub Your Stiff Neck Away To-day --Good Old "Nervine" Cure

Fifteen Minutes After Using Nervine You Are Well.

Cold, excessive strain and exertion are a common cause of stiff neck, soreness, or inflammation of the muscles. Generally the cause is so deeply seated that only a liniment as powerful as Nervine will effect an immediate removal of pain.

Nervine is powerful, yet penetrating, is the most rapid pain-excelling agent the world knows.

Millions have proved its reliability and millions will share the relief its use affords.

Timothy's Effect on Land

Old Nation That It Actually Improved the Soil Not Substantiated

It is an old notion that land rendered to timothy, even though the crop be removed, is being rested and improved. This, however, is not true, and is older than that a horse that has been driven rapidly may be considered as being rested by being driven more slowly than that is to say, timothy restores the plant food from soil more slowly than does corn or wheat because a smaller amount of plant food is required to grow the crop. While the land in timothy the soil surface is washed out by the roots of the timothy plants, but because the surface is bound together by the roots of the timothy plants. The humus is also burned out less rapidly because there is no cultivation.

The action that timothy actually improves land doubtless grew out of the fact that when timothy was plowed under and the land was planted to some such crop as corn, rapidly the crop was produced than the same land would have borne had it been in corn continuously. This is because the plant has removed plant food from the soil less rapidly than this food has become available in the soil by chemical processes.

Also show that a crop of timothy will leave in the soil in the form of roots and stubble over several years of growth to the acre against about two and twentieth years of corn, rapidly the crop will be plowed under.

All this becomes available for succeeding crops when the new crop is plowed up.

Minard's Liniment Cures Distemper

Kitchener's Sound Vision
Kitchener had to make a choice. The hardest choice in history. They had nine soldiers in ten who were playing for momentary results. They would have hurried into France early in the month of May, and they would have packed off our half-trained territory camp after a month's training. They would have left the field to take care of itself. Lord Kitchener, in selecting the men of prompt vision, showed the sounder estimate of the estimate of the estimate. His decision, a simple, intuitive choice, was the hardest and most momentous act of will which any general in Europe has taken since the Kaiser declared war. He was big game and vision in that he and the world must be against his wish to the slow rhythm of thought--The New Republic.

According to Signs

"Little Johnnie is rather cross this morning," said the mother, "I don't like that good sign. It shows that he is cross." "According to that," said Johnnie's mother, "my husband must be recovering from a severe cold. I don't just no living with that man."--Exchange.

"I DON'T SUFFER FROM RHEUMATISM"

"Feel Like a New Person," says Mrs. Hamilton.

New Castle, Ind.,--"From the time I was eleven years old I had rheumatism. It was so bad that I could not walk for a month I had to be carried. I had such backache and such pain I would cry myself to sleep. I did not know what it was to be so miserable."

"My health was all run down and the doctor did not do me any good. A neighbor told me about Dr. E. Finkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every night."--Mrs. HAMILTON, 822 South 16th St.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare that they feel like a new person, it is not reasonable to believe that it is an article of great merit.

If you want special advice write to Lydia E. Finkham, Medicine Co., (confidential), 231 East Third St., New York. Your letter will be opened, read and answered by a woman and held in strict confidence.

W. N. U. 1118

marvellous properties confer upon sufferers from rheumatism.

Nervine is sold upon a positive guarantee that it is more prompt, more powerful, penetrating and more reliable than any other remedy.

For rheumatism, neuralgia, sciatica or lumbago, try Nervine.

It is a powerful, yet gentle, and small pain, the surest to relieve out of the big ones.

Directed to quickly cure any pain or soreness in the joints, and is sold by druggists everywhere. Large size, 50 cents; trial size, 25 cents, or direct from The Catarthine Co., Kingston, Canada.

Whales Do Not Snot What Comes From Cetacean's Blow-hole Is Steam.

Since a whale breathes air, when it is below the surface the breath must be held, for if water should be taken into the lungs the animal would drown. Thus as soon as a cetacean comes to the surface its breath is expelled and a fresh supply inhaled before it again goes down.

Since breath, however, has been held in the lungs for a considerable time, it is not fresh, and the animal is it is forcibly expelled, and the column of steam, condensing, and forming a column of steam. A similar effect may be produced by any person if he holds his breath for a long time, and then suddenly blows from the mouth.

That whales snot is a popular notion, but the column of steam which has been taken in through the mouth is probably more correctly believed than any other popular misconception. As a matter of fact, the breath of a whale is not fresh, but stale, and the animal is not able to "breath" through its mouth, as can ordinary land mammals.--Key Chapman Andrews in the New York Independent.

KEEP CHILDREN WELL DURING HOT WEATHER

Every mother knows how fatal the hot summer months are to small children. Cholera infantum, diarrhoea, dysentery and stomach troubles are the result of the hot weather.

The mother who keeps her children healthy during the hot months of the year is the mother who keeps them healthy all the year.

Dr. Williams' Medicine Co., Brockville, Ont.

Little Willie came to his mother and said, "Mother, what do you do if one mother broke the large vase in the house?"

"I would whip him," responded mother.

After a few seconds passed, Willie came back and said, "Mother, what do you do if one mother broke the large vase in the house?"

"Well, you better get ready, Papa broke it."--New York Times.

For Sprains and Bruises--There is no cure for sprains and bruises, but Dr. Williams' Medicine Co. will reduce the swelling that follows, and the pain will be lessened. It will also reduce the swelling that follows, and the pain will be lessened.

A Bishop recently addressed a large number of Sunday school children and said, "I am very glad to see you here today." "And now, is there any little boy or any little girl who would like to ask me a question?" This was asked at the back of the room called out, "Please, sir, why did the angels walk up and down Jacob's ladder when they had wings?" "Oh, ah, you see," said the Bishop, "there is, there is a little girl who would like to answer that question."

An instance of a lucky word that was war was that of a soldier who has been struck by a rifle-ball at the front of the forehead. The bullet passed through the forehead, then dripped around half the head, and then the soldier was killed. The bullet made its exit through the scalp, and the brain was not touched and the man was not hurt.

Real Short Cut to Peace.

Prof. James Mavor, of the University of Toronto, said the following day to the New York Evening Post: "You have asked Lord Bryce to say what terms of peace he would accept to England. I do not suppose that he would accept of such a question. Nor is there any need for him to do so. It has already been answered repeatedly."

He was not entitled to interpret his answer, but I may venture to do so on the following terms: "I do not suppose that he would accept of such a question. Nor is there any need for him to do so. It has already been answered repeatedly."

There are three methods, and in the nature of the case three only by which peace may be concluded: (1) That the German Emperor hand his sword to General Foch.

(2) That he hand the same to Sir Douglas Haig.

(3) That he hand the same to Sir Douglas Haig.

Wargrave Church, Berkshire, England, which was burned down by the suffragettes on Wednesday, July 11, has been rebuilt at a cost of \$40,000.

Light Beers

Beer Said to Contain Three Poisons, and Is Not Such a Harmless Drink

The Pioneer is doing a great public service in sounding a note of warning against the insidious danger which threatens our long-fought-for prohibition of the liquor traffic. I hope that the warning from that paper will be taken to heart by the friends of temperance.

There is a beer-drinking traffic has been preaching beer-drinking. The distillers do not raise any objection to this. They know that their drinking demands stronger beverages. They know that the disgraceful and lying statements which their beer men have been endeavoring to induce women to drink will tend towards the shocking liquor-drinking wives and mothers that curbs Great Britain today.

Germany's beer garden has produced a brutality that is as much Germany as by word for centuries to come. Yet some of these liquor men would like to establish the German beer garden here.

It is a pity that the great philanthropist who is general secretary of the Restriction Department in England, Mr. J. H. Thompson, is compelled to cry out: "If we must have beer, let us have it in God's name let us have the bar-room men and women who are so much better than the beer-drinking men and women."

When there are symptoms already of a campaign in Ontario looking to the prohibition of beer, it is not in favor of beer and when, when the 1919 beer-drinking traffic is not in favor of beer, it is not in favor of beer.

regret that we read in an editorial in the Ontario Free Press, dated July 11, following mischievous suggestion: It is probable that much of the opposition to total prohibition will be based on the fact that some of the liquor men are better than the beer-drinking men and women. A good many of the liquor men are better than the beer-drinking men and women. A good many of the liquor men are better than the beer-drinking men and women.

conceded to the sale of stronger drinks as the sale of drugs. It is not in favor of beer, it is not in favor of beer. It is not in favor of beer, it is not in favor of beer. It is not in favor of beer, it is not in favor of beer.

Oil Fuel for Battleships

If there were "no surprises" in the North Sea Battle, here were many eagerly-sought tests. One of the most important tests provided by the action was that of the general efficiency of the oil-fuel ships and their engines.

The question of the comparative value of oil-fuel ships and their engines was the question of the comparative value of oil-fuel ships and their engines. The question of the comparative value of oil-fuel ships and their engines was the question of the comparative value of oil-fuel ships and their engines.

The oil-fuel ships, turbine-driven, with their propelling machinery and their boilers, low-set in the depths of the hulls, and their oil-tanks tucked away where they are protected, afforded the maximum of protection, have come out of the North Sea battle marvelously well.

Empire Debt to Haldane

Lord French, in addressing a voluntary recruiting meeting at Chatham, bridge said that the volunteers had fought in the field as early as 1882 in the Egyptian campaign, and in much greater numbers in the Boer War.

It was recalled for Lord Haldane to bring them to the zenith of their reputation and value. The war was deeply indebted to his recommendation, and it was his recommendation that the volunteers should be recruited in the field as early as 1882 in the Egyptian campaign, and in much greater numbers in the Boer War.

PAID UP BENEFIT FOR ASSISTING VETERANS

ALLIANCE FOR THE MEN AND THEIR FAMILIES

Government Commission Aims At Benefiting Not Only Disabled Members of the Canadian Expeditionary Force, but also Disabled Reservists of the British and Allied Armies

We Canadians are absolutely unanimous about one thing—that justice and reparation must be secured for those who have suffered. The men who have volunteered for war, while their families were safe at home—these men, coming back shattered and torn, and with health in any way impaired by their service, must have reparation, and from us.

It is the first word of justice; and it is no Canadian worthy of the name who will not agree to it with all his heart.

Our head, as well as our heart, however, must be employed to devise some form of reparation which will repair that which will as far as possible make up to these men what they have lost.

From the beginning of the war it was recognized that a man offering his body to defend our cause should be compensated for any injury his body might suffer in the carrying out of that task. A pension plan was adopted both for disabled soldiers and for their dependents in proportion to the loss of earning power. A revised scale, involving a large increase of compensation, was lately agreed to by a Parliamentary committee and is already in effect.

A pension alone, however, will not restore the injured man to his place in the active and productive life of the community; and that has got to be done, by some means which will both in the community's interest and in his own.

A very few of the injured will be found to totally helpless that this is so far, a large number of them, in spite of their injuries, will still be fit for their former work. But between these two classes we have a large number of men who are handicapped by their injuries in such a way that they are not able to do their former work, but are not yet so disabled as to be entitled to a pension. These men must be made useful to the community, and to their families.

They would not thank us for it. They would rather be back in the line, where they would have thrown themselves into the work, and would have been killed or wounded. They would not want to be pensioned. They would rather be back in the line, where they would have thrown themselves into the work, and would have been killed or wounded.

They would not want to be pensioned. They would rather be back in the line, where they would have thrown themselves into the work, and would have been killed or wounded. They would not want to be pensioned.

ing, while provision on a sliding scale was made for the dependents, and for those unmarried men who were not legally dependent upon them. Here is the scale which the Commission has now been empowered to establish. It will be understood throughout that "maximum" means 16 for a son and 17 for a daughter—

1. A single man, with pension, living in, receives free maintenance; that is, board, lodging and washing.

2. A single man, with pension, living out, 60c a day.

3. A married man, with pension, living in, free maintenance and \$8 a month, with the following additional amounts:

For wife having no children, \$35 a month, less her husband's pension.

For wife and one child, if child is under five, \$38 from first year of marriage, and \$30 from second year, and \$20 in maximum age, \$42.50; less, in every case, the amount of husband's pension.

For wife and two children, from \$41 to \$48, according to the number of children, and according to age.

For wife and three children, \$44 to \$50 (less pension and allowances).

For wife and four children, \$47 to \$53 (less pension and allowances), according to ages.

For wife and five children, \$50 to \$55 (less pension and allowances), according to ages.

A wife with seven or more children, the maximum age may be \$55, less pension and allowances.

All these allowances for wife and child, entirely upon the basis of the wife, unless otherwise thought fit.

4. A married man living at home will receive 60c a day. (This, of course, is the same as the allowance for wife and children.)

5. A widowed mother, if dependent entirely upon her deceased husband who is receiving training, and if to his mother and also arranged for her maintenance, may be paid while he is on service, may be paid at the same rate as the wife of a married man.

6. The parents of a man under 21, who is receiving training, may be paid for the purpose, the muscles mutilated by wounds and operations, may be paid for the purpose, the muscles mutilated by wounds and operations.

7. The guardian of a widower's child under the age of 17, may be paid monthly—(for one child, \$10; for two, \$12; for three, \$14; and \$3 for each child in excess of three.)

Payments under these regulations will be continued for one month after the expiration of vocational training, whether the man has accepted of it.

It is clear that this system of allowances will enable many men to be able to support their families, and by providing for their families while the training is being given.

The President of the Military Hospitals Commission, Mr. J. H. McCall, has asked us to say that any further information which our readers will be gladly given by the Secretary, at Victoria Street, Ottawa.

Protected by the Navy

Over 20,000 Merchant Ships Spaced

In a report to the Admiralty, reviewing the operations of the Dover Patrol since December, 1911, and recommending numerous officers for promotion, says the Admiral, "The fact that over 20,000 of our patrol vessels, have been sunk since the last year, is a record which has not been lost to the nation."

The Admiral further notes that the fact that the German navy has lost a single ship has been lost during the war, is a record which has not been lost to the nation.

Germany at War

A Shogun of Food in a Kempt

Life in his grand Germany, I dare say, is a very different thing from that in the countries at war. Germany is the exception, and one travelling in that country will be struck by the fact that the best hotels would gain a very limited and unimpressive business if it really is missing the Tontina.

It is a land of the "Tontina," and it really is missing the Tontina. It is a land of the "Tontina," and it really is missing the Tontina. It is a land of the "Tontina," and it really is missing the Tontina.

Moreover, the large hostilities are quite crowded, a stranger dropping in for afternoon tea would scarcely notice anything out of the usual, were it not for the numerous waiter and waitresses, and still more numerous Iron Crosses in evidence everywhere.

For example, I found that butter, lard and fats of all kinds are scarcely to be had, at least, as far as the common use of the house is concerned. Salads are plentiful, but are not so good as those of the United States, as table oils of all kinds are quite scarce.

There are plenty of and cost from four to six cents apiece, but must be eaten boiled or poached, as there is no fat to fry or scramble them in. (For the same reason, the butter is not used here.) I tried to get some of the "Tontina," but it was so indifferent.

As remarked above, meats of all kinds, including poultry, are plentiful, but are not so good as those of the United States, as table oils of all kinds are quite scarce.

Agony here and the Movies

Educational Film Showing the Process of Farming by Means of Irrigation.

At first glance the motion picture business may not seem to be a very profitable one, especially in connection with agriculture, which is so far as it tempts the farmer to leave his home and his family to come to the city, and to become a successful farmer.

But the motion picture business is a very profitable one, especially in connection with agriculture, which is so far as it tempts the farmer to leave his home and his family to come to the city, and to become a successful farmer.

Lloyd's shipping register shows that there were 440 merchant vessels, of a tonnage of 1,500,000 gross, under construction in the United Kingdom at the end of June.

Cliff Church is said to have "made his pile," and has this week sold out the good will of his tonorial business in Blairmore to F. N. Fowler. Cliff hopes to reside in Calgary in future.

French army officers have solved the problem of travelling over desert sands with a light, steel driven by an aerial propeller, which makes fair speed and climbs grades easily.

Several officers were drafted to the 137th and 138th battalions from the 191st and 192nd prior to the former's leaving for scenes of activity. Among those transferred was Lieut. Howard.

A young miner named George Doe sustained one injury to his face while working at Greenhill mine on Wednesday. He was moved to the Blairmore hospital, where he is being attended to by Dr. H. A. McDonald.

Listen to the wall of a superstitious New Yorker, who writes to his favorite newspaper: "I always heard that it was a lucky thing to find a four-leaf clover. The other day I picked one in the park at the edge of a flower bed, and I was fixed \$2."

The question of placing a light at the Sixth Avenue bridge has been occupying the attention of the council for some time, and it is hoped soon to have a light so placed there as to relieve the difficulties at present experienced in making the approaches to the bridge.

There is a child born every four minutes in Texas; seven hours are built every working hour; 14 per cent. of the population is in the cradle; 241 young women between the ages of 15 and 24 are unmarried, 466,002 men have never braved the matrimonial seas and there are 20,000 spinsters. The average size of a Texas family is four and nine-tenths.

C. Bryce Miller, who has been reported as the victim of many forms of natural and unnatural deaths during the past few years, is now reported alive again and connected with one of the battalions at Sarcee. If Bryce should have a chance to visit Europe, we will for once have occasion to look forward to his return, with the history of Vienna, Constantinople or Berlin, for he has several lives left yet.

OF LOCAL AND GENERAL INTEREST

Two thousand soldiers will leave Sarcee to help handle the crops.

Quartermaster Sergeant H. Pinkney has been ill for a few days at Calgary.

King George V. spent several hours last week in France, within range of the German guns.

"There will soon be no more 'unknown destinations' for the Hun fleets or armies to flee to.

Ninety thousand Canadian soldiers have been added to the British fighting forces on the Somme.

The City of Lethbridge decided by a large majority in favor of the establishment of a filtration plant.

Pte. James Paden, of the 192nd, is down from Sarcee, and goes out to his ranch in a few days to start harvesting.

It is reported that Germany is taking over the defenses of Trieste, sending troops specially organized for that purpose.

R. G. Foot, who for the past several years has had his headquarters as coal inspector at Coleman, has moved to Blairmore.

One of our exchanges says the banana crops in the mountains were injured by recent storms. We haven't noticed it around Blairmore.

Before leaving Calgary, the 137th Battalion was presented with gold to buy colors by the military chapter of the Daughters of the Empire, and a set of sporting goods by the Sportsmen's Patriotic Association.

Bills are out announcing a dance to take place at the Alberta hotel Saturday, which promises to be an enjoyable affair. An error occurs in the 191st and 192nd, prior to the former's leaving for scenes of activity. Among those transferred was Lieut. Howard.

The latest blacklist of neutral shipping issued by the London trades division of the admiralty represents 152,650 tons of steamers and sailing vessels unavailable to British charters on the claim that they are now, or have been engaged in, unneutral service. The list contains the names of the Clara Davis, Fannie Patter and Oakley C. Curtis, all sailing vessels flying the American flag.

Constable Smith, of the local detachment of the Royal North West Mounted Police force, will have completed his term of service with the force on Monday next, and is expected, after spending a few days at leisure with friends in The Pass will return to the Pacific Coast, where he will enjoy a holiday and probably later enlist for overseas service. Constable Smith has won numerous friends since being stationed in The Pass, and the well-wishes of all will follow him in his future career.

The 137th Battalion left Calgary for an unknown destination on Monday. Pte. William Boyd, of Blairmore, is a member of the 137th. Lieut.-Col. Morfit commands the 137th.

The Town of Strathmore has decided by by-law that all theatrical troupes and entertainers will have to enrich the town exchequer to the extent of five dollars before they are allowed to depart.

The Italians are now using a noiseless howitzer.

Alex. Morency returned from Calgary on Monday.

G. Hutton, of Bellevue, is posted as wounded in a recent cavalry list.

Munition industries of France give employment to 100,800 women.

German submarines recently sunk eighteen allied ships in thirty-eight hours.

Women now constitute 47 per cent. of the total number of employees in France.

A halibut weighing 450 pounds has been shipped from Prince Edward Island to Europe.

Billy Sunday has secured the contract to place new planks in the B.C. prohibition platform.

R. B. Bennett scores women who buy white kid shoes and save they should give the money to the Red Cross.

Edgar Thomas and Alva Zink returned the early part of the week from a successful fishing trip to Dutch Creek.

Twenty were killed and many injured in a trolley-car wreck which occurred at Johnstown, Pa., on Saturday.

Six-roomed House for Rent, with bath, light, phone and water connection. \$15.00 per month. Apply to W. J. Bartlett.

A bill to extend the life of parliament for eight months, or until May next, has been introduced in the British house of commons.

Mr. Manns, advance agent for "Officer 666," was in town Saturday, arranging for the appearance of his company here on Thursday next.

It is understood that the four or five thousand artillery troops now in training at Petawawa, near Ottawa, will go overseas in the near future.

Lethbridge has contributed over 2,300 men to Canada's fighting forces, conscribed to be the best showing of any town of its size in the Dominion.

W. A. Freeburger, formerly in real estate and insurance business in Blairmore, is now manager of the Enchant Mercantile Co. at Enchant, Alberta.

Fish stories coming in from Waterford Lakes during the past two weeks have been so large that the Lethbridge Herald has had to add another leaf.

It is announced that Germany has offered territorial compensation to Roumania at the expense of Austria, in return for Roumanian neutrality in the war.

Jabolonia, one of the most important gateways through the Carpathians to the Hungarian plains, has been captured by the Russians, together with 1500 prisoners.

A hoose spotter in Nova Scotia has been fined \$20 and costs for carrying concealed weapons, with which he intended to defend himself against those he hoped to victimize.

Mrs. Maclean, of Bellevue, is contributing \$2.50 monthly to the Red Cross prisoners of war department.

Lieut. D. Fraser, of the 192nd was down from Sarcee the early part of the week on a visit to his family.

J. D. Proctor, of Toronto, has been elected supreme president of the Supreme Grand Lodge of the Sons of England.

A private of the 113th Klitter Battalion has been sentenced to a year in Lethbridge jail for being absent without leave.

Capt. J. Gratton, of the 192nd, was down from Sarcee to attend the burial of his brother William at Coleman last week end.

Only some scheme could be devised to tax people according to the "side" they put on, how fat our town treasures would become.

The Oddfellows Grand Lodge of the maritime provinces met in their 59th annual session at Fredericton, New Brunswick, last week.

One of two drunks in a local "craze" a few weeks ago was heard to remark to his barmaid: "Two heads are as good as one, anyway."

It is officially reported that the British torpedo boat destroyer Laeso was sunk off the Dutch coast by either a German mine or submarine.

One of our readers asks: "If I purchased 15 fish, and seven of them were speckled trout, how many suckers were there?" We replied 8.

Rev. D. K. Allan, of the Presbyterian church, Coleman, preached very acceptably to large congregations at Central Union church on Sunday last.

Mr. and Mrs. A. E. Smith and children, and Mrs. B. B. Martin and sister returned to Lethbridge last week and after spending an extended holiday in "Paradise."

A blue lobster has just been captured on the coast of Nova Scotia, and has been presented to Aberdeen school museum. Only two other specimens are known to exist. Would that white-livered human beings were so near extinction!

Miss V. Keith has been visiting friends in Calgary for a few weeks.

Mr. Leumont, of the Rocky Mountain Cement Co., was down from Calgary on Wednesday.

Dr. A. H. Baker, formerly of Blairmore, is about to enter into medical practice at Calgary.

"Officer 666" will appear at the Blairmore opera house on Thursday night next. This is one of the most popular melodramatic plays of the age.

Mrs. McKeenle and three children, of Lethbridge, who had been spending a few days at Crow's Nest Lake, arrived in Blairmore Sunday to spend a couple of weeks before returning home.

The owner of a raincoat which was stolen from a passenger train passing through The Pass last week would like to present the thief with a missing button and a prescription showing how to recover from a well-earned punch.

"In the old Shakespearean past Richard offered his kingdom for a horse. We believe that our many moon pass away Kaiser Bill will be offering his empire for a Bologna sausage, a stein of beer and a few pretzels."—Greenwood Lodge.

The daylight saving law in Calgary has been repealed by the council and the city will return to standard time on Sunday next. The poor council lost many a good night's sleep trying to conserve ways and means of making more daylight in which to work.

The old sailing steamer Newfoundland, built forty-four years ago, has just been dashed to pieces on the south-east coast of Newfoundland. In the spring of 1914 she figured prominently in a terrible disaster, when 77 of her crew were frozen to death on the ice fields.

A little boy recently tried to steal a copy of the Coleman Bulletin to a commercial traveller in a Blairmore restaurant. The boy approaches, "Buy a Bulletin, sir, only five cents."

"No," says the traveller, "I can't read."

"Well," replied the boy, "if you can't read you can smell, can't you?"

Italy has instituted a blacklist, similar to that of Great Britain, which decrees forbids Italians to trade with the subjects of enemy states or their allies, wherever resident. Another decree places under government control, with a view to eventual seizure and liquidation, all commercial enterprises in Italy directed or principally controlled by subjects of enemy states or their allies.

The attention of cattle owners is called to a resolution passed at a meeting of the town council held on July 27th, whereby the Secretary Treasurer was instructed to request the Chief of Police to take steps to have all bells removed from cows running at large with the town or otherwise enforce the general conditions. The council has not of late months attempted to enforce the pound by-law, and cow owners would be conferring a favor not only upon the town at large, but upon themselves, if they would show their appreciation of the council's policy in this respect by either removing bells or muzzling the clappers.

Tenders For Building School

TENDERS will be received until Saturday, August 26th, by the Frank School Board, for the building of a Four-Roomed School, the School Board to furnish all material. Plans can be seen at the store of A. I. Blain, Frank.

I. WILSON, Secretary.

South Alberta has been pledged to \$25,000 for the Salina's Relief Fund.

The heavy guns of the entente allies have begun a bombardment of the Bulgarian positions at Lake Doiran, in Greek Macedonia.

The 133th Battalion has left Sarcee for an unknown destination. The 138th is under command of Lieut. Col. Robert Heiber, C.M.G.

There is a possibility that the 192nd battalion will remain in Alberta up to further orders, and the time is ripe for agitation to have them treated in The Pass for another season.

Mrs. John McKeen, and daughters Sarah and Margaret, have returned to Coleman after a visit with Dr. and Mrs. A. E. Porter at Edmonton.

The British Canadian division, under General "Buck" Watson, is now in France, bringing the number of Canadian forces actually in action to 60,000 men.

The Mooney Biscuit and Candy Company, Limited, with plants at Stratford, Montreal, Winnipeg and Vancouver, has made an assignment in favor of its creditors.

The Italian dreadnaught Leonardo de Vinci caught fire and blew up in harbor waters of Taranto, Italy, and 300 of her crew were drowned. The accident happened early in August month.

Rev. J. H. Hunter, of Coaticook, Quebec, will arrive in Blairmore this week end on a visit to his brother, J. F. Hunter, of the local customs department. Rev. Mr. Hunter has been visiting relatives at Parkland and Nanton during the past week, and hopes to extend his tour to the Pacific coast before returning to the field of his labors in the east. On Sunday evening, Rev. Mr. Hunter will officiate at the service at Central Union church, when a good turnout of people is expected.

It was with great surprise and deep regret that the parishioners of the Rev. Father Crociata's congregation here learned on Sunday last that his mission as their pastor terminated. When the reverend father was assigned to this from the altar, those assembled were saddened.

After the dismissal of the congregation, the announcement was freely discussed. The Rev. Father was in charge for about nineteen months, during which time all his energy was devoted to his people and the upbuilding of his church. He was an untiring worker, a man of great magnanimity and highly respected by the community. His numerous friends wish him every success in his new sphere of labor. The Rev. Father left on Sunday evening for Calgary—Com.

The feat of freezing live fish and reviving them several weeks or months later has been achieved by the Swiss scientist, M. Piclet. The scientist put 28 live fish in a box that contained water rich in oxygen, in which several pieces of ice floated. The temperature of the water was then reduced slowly until it froze. At the end of about two months the cake was gradually thawed, and the fish, it is said, were found alive. In such an experiment, the scientist reports, it is noted that the fish had been gradually frozen, and that it should have contained pieces of ice for from 15 to 18 hours before the whole mass was frozen. The process of thawing must also be slow. Through this process it is believed that Siberian sturgeon and Alaskan salmon can be exported alive to distant markets.
